

## Affirm-A-Vision™ Postcard Reminders

Thank you for your purchase! Please use the link below to activate your Daily Affirm-A-Vision™ Postcards. Once activated you will receive them in your inbox each morning over the next 6 months. When you open these e-mails you will see a beautiful image and with a corresponding affirmation; to hear the audio portion of the postcard you can click the ***Listen*** button and it will launch the postcard in your web browser, then you can hear the audio.

Our Affirm-A-Vision™ Postcards have been designed and tested to display in all browsers. Unfortunately, getting the audio to play on your specific computer with your specific configuration is out of our control, due to the fact that there are SO many different browsers and different settings that are constantly changing. However, we find that most users can successfully playback the postcard audio when using the Mozilla Firefox browser with QuickTime (version 7) installed.

This free, award-winning web browser is faster, more secure, and more customizable than most other browsers.

Also, be sure you are using the latest version of QuickTime Video Player

Please use the link below to activate your daily postcards.
